Everyone Deserves a Seat at the Table.

Some tables offer a meal.

Some offer friendship.

Some offer hope.

Some offer a fresh start.

Every day, neighbors in our community face challenges that can feel overwhelming—housing instability, financial hardship, broken relationships, and isolation. At Love INC of the Heart of Florida, we believe transformation happens when local churches come together to offer more than temporary help. Together, we build relationships, restore hope, and walk alongside people as they discover lasting change.

This brunch is an invitation to pull up a chair.

Come hear stories of lives transformed, celebrate what God is doing in our community, and discover how you can help create more seats at the table.
